

Barton Quarter

Response Form

Please take the opportunity to tell us what you think about our proposals for the Barton Quarter. We are keen to hear the views of local people.

Your response will be taken into account in developing our thinking further.

All the responses we receive will be analysed and assembled into a report, which will include our responses to the comments, which we will present to the authority to help with their consideration of the proposals. We will also post a copy of the report on our project web-site www.bartonquarter.com.

If you would like a copy of the consultation report, or further information on the Barton Quarter then please give us your contact details at the end of the form.

Thank You.
